

LOPROFIN PKU MILK

Description

A ready-to-drink low protein milk replacement.

Indications

For the dietary management of inherited metabolic conditions and other conditions where a low protein diet is indicated.

Preparation and administration

The recommended intake is dependent on the age, body weight, and medical condition of the patient. Can be used in cooking, baking or as a drink on its own.

General precautions

Use under medical supervision. Not for parenteral use. Not suitable for use as a sole source of nutrition. Not suitable for milk free or lactose free diets.

Storage

Store in a cool, dry place out of direct sunlight. Once opened, store in refrigerator and consume within 3–4 days.

Pack size

27 x 200ml tetras.

Ingredients

Whey (Cows' **Milk**), Water, Cream (from **Milk**), Lactose (from **Milk**), Emulsifier (E471).

Average Contents	Unit	per 100ml	per 200ml
